We start the day with stories of the first inhabitants of the area, the Timucuan Indians. Our destination is Amelia Island which was founded by the French, settled by the Spanish, named by the English, and tamed by the Americans. It is the only area in the U.S. to have been under eight different flags! Our first stop will be at Kingsley Plantation to hear the amazing story of Anna, a former slave who rose to become a property owner. We explore the grounds which include the slave quarters, barn, waterfront, kitchen house, and interpretive garden. We take the old buccaneer trail across Ft. George Island and the Talbot Islands following the picturesque Atlantic coastline. Next we go to the quaint town of Fernandina on Amelia Island to hear the stories from the Fairbanks Folly to Florida's oldest tavern and resident ghost. The turn of the century town is filled with Victorian architecture and has the appearance of being caught in a time capsule. Lunch will be on your own in the historic district. Your guide creates an interactive tour atmosphere which is fun for everyone.
